For Male Students of Color
Why a State-wide Consortium for Males of Color?

Scale of Challenge
Requires partners to come together across educational sectors

Target Key Population centers
State/national imperative

Males Metrics for Success
Student success outcomes
Build culture of evidence

Collective Expertise
Leverage our collective expertise across sectors

Impact
Common definitions
"Moving the needle" at the local and state level
How are we "Framing the Issue" in Texas?

Define the issue "at scale" build a community "impact" collective expertise/ knowledge build capacity self-study, "evidence" through a "culture of AM, API, Native Latino, Black, Men of Color =

Avoid deficit framing; focus on student success build across educational sectors network
