**Services for Students with Disabilities
Verification Form for Students
Requesting Emotional Support Animals**

This form is intended to assist in meeting our documentation requirements for students requesting to bring an emotional support animal to live in campus housing. However, if not thoroughly completed, it may not be sufficient as the sole form of documentation provided. Please refer to the “Guidelines for Documenting Requests for Emotional Support Animals” for comprehensive documentation requirements and additional information. To ensure the provision of reasonable and appropriate accommodations, students requesting services must provide current documentation of the disability. The age of acceptable documentation is dependent upon the condition and the nature of the student's request for accommodations. Documentation that reflects the *current* impact on the student's functioning should be submitted. Present symptoms that meet the criteria for the diagnosis must be noted. To standardize our gathering of information, we ask that you complete the following questions, even if the material has already been included in your evaluation. If the space provided is not adequate, please attach a separate sheet of paper. All information will be kept confidential. Please feel free to contact SSD at (512) 471-6259 with questions.
