Disability and Access
Verification Form for Students
Requesting Emotional Support Animals

This form is intended to assist in meeting our documentation requirements for students requesting to bring an emotional support animal to live in campus housing. However, if not thoroughly completed, it may not be sufficient as the sole form of documentation provided. Please refer to the “Guidelines for Documenting Requests for Emotional Support Animals” for comprehensive documentation requirements and additional information. To ensure the provision of reasonable and appropriate accommodations, students requesting services must provide current documentation of the disability. The age of acceptable documentation is dependent upon the condition and the nature of the student's request for accommodations. Documentation that reflects the current impact on the student's functioning should be submitted. Present symptoms that meet the criteria for the diagnosis must be noted. To standardize our gathering of information, we ask that you complete the following questions, even if the material has already been included in your evaluation. If the space provided is not adequate, please attach a separate sheet of paper. All information will be kept confidential. Please feel free to contact D&A at (512) 471-6259 with questions.

The information below is to be completed and signed by the student.

I request and authorize The University of Texas at Austin University Health Services (UHS), Counseling & Mental Health Center (CMHC), Disability and Access and/or my off-campus provider
(name)___________________________________________ to release, fax, mail or discuss with each other information related to my request for housing accommodations

<tr>
<th>DSM-5 diagnosis name(s)</th>
<th>DSM-5 code(s)</th>
<th>ICD-10 code(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

a. Approximate onset of diagnosis
   □ Child-approximate age: _____________________
   □ Adolescent-approximate age: _____________________
   □ Adult-approximate age: _____________________
   □ Unknown

b. Date of initial contact with student: _________ / _________ / _________

c. Date of your last office visit with student: _________ / _________ / _________

d. Date of your next office visit with student: _________ / _________ / _________

e. Approximate number of sessions with student: __________

2. Disability Determination

a. How did you arrive at this diagnosis? Please check all relevant items below, adding brief notes that you think might be helpful to us as we determine eligibility for accommodations.

   □ Structured or unstructured interviews with student.
   □ Interviews with other persons (i.e. parent, partner, therapist).
   □ Completed forms/checklists/screeners.
   □ Behavioral observations.
   □ Other (Please specify):

________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
________________________________________________________________________

b. Describe the symptoms related to the student’s condition that cause significant impairment in a major life activity:

________________________________________________________________________
________________________________________________________________________
________________________________________________________________________
c. Current treatment being received by student:
   ☐ Individual/Group therapy:
      Frequency: ______________________________________________________
   ☐ Medication management:
      Current medications: _____________________________________________
   ☐ Physical / Occupational therapy
      Frequency: _____________________________________________________
   ☐ Other (please describe):
      ________________________________________________________________

   d. Severity of symptoms:
      ☐ Mild
      ☐ Moderate
      ☐ Severe

e. Prognosis of disorder:
   ☐ Good
   ☐ Fair
   ☐ Poor

3. Emotional Support Animal Assessment
   a. Type of emotional support animal being recommended: ______________________

   b. Please indicate the following:
      ☐ Student has an existing relationship with an animal.
      ☐ Student was recommended an emotional support animal but does not yet have one.
      ☐ Other: _____________________________________________________________

   c. Provide specific examples of how the emotional support animal functions as treatment or ameliorates symptoms of the student's disability (e.g., explain how the animal reduces anxiety, prevents or shortens episodes, improves sleep, etc.)
      ________________________________________________________________
      ________________________________________________________________
      ________________________________________________________________
      ________________________________________________________________
      ________________________________________________________________

   d. How were disability-related benefits determined? Please check all that apply.
      ☐ Direct observation of student with animal present
      ☐ Direct observation of student without animal present
      ☐ Student self-report information
      ☐ Interview information from others (parent, partner, therapist)
      ☐ Other: _______________________________________________________
Thank you for your help in providing this information. This form should be signed and returned via fax, mail or email to the D&A office at the address shown at the end of this document.

All documentation submitted to D&A is considered confidential

Provider Information
